NABIL FAKIH-GOMEZ

Dr. Nabil Fakih Gómez is an internationally recognized Facial Plastic & Cranio-Maxillo-Facial Surgeon, dedicated exclusively to facial surgery & aesthetic medicine. He currently serves as President of the Spanish Society of Facial Plastic Surgery (SECPF), Director of Oculoplastic Surgery at the European Academy of Facial Plastic Surgery (EAFPS), & Associate Member of the American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS).

Dr. Fakih is the founder of four specialized facial clinics & one hospital, including FACEPERT Clinic & Academy (Spain), ExpertsHub (Dubai), Fakih Clinic Beirut (Lebanon), Fakih Clinic South (Lebanon), and Fakih Hospital. Through these institutions, he has developed an international network dedicated to excellence in facial surgery, education, & innovation.

He is the author and co-author of more than 65 peer-reviewed scientific publications & five book chapters in the fields of facial plastic surgery, cranio-maxillo-facial surgery, regenerative medicine, and aesthetic medicine. His research focuses on surgical innovation, facial rejuvenation, regenerative therapies, and patient safety. He has participated in more than 500 scientific courses, congresses, & educational events worldwide, where he has shared his expertise in facial plastic surgery & aesthetic medicine with physicians from across the globe.

His commitment to advancing medical education led him to establish FACEPERT Academy, an international educational platform dedicated to providing evidence-based, ethical, and comprehensive training for physicians at every stage of their professional development. Built on the principles of scientific rigor, innovation, and patient safety, the academy combines anatomy, surgery, regenerative medicine, and clinical practice to promote excellence in facial aesthetic medicine & surgery.

OBJECTIVES | HAVE AN ANATOMICAL GPS

- Master facial anatomy through immersive, hands-on cadaveric dissection, transforming theoretical concepts into practical surgical knowledge.
- Develop the confidence to identify & navigate critical anatomical structures, ensuring greater precision & safety in every procedure.
- Recognize high-risk danger zones & learn anatomy-based strategies to prevent vascular, neural, and functional complications during botulinum toxin and dermal filler treatments.
- Translate anatomy into clinical excellence by applying three-dimensional anatomical principles to individualized treatment planning and advanced aesthetic procedures.

METHODOLOGY | HAVE AN ANATOMICAL GPS

- Hands-on cadaveric dissection using premium fresh-frozen or soft-embalmed specimens, providing the most realistic simulation of living tissue.
- Small-group training to maximize individual participation, personalized guidance, & practical experience at every stage of the course.
- Dedicated fully equipped workstations designed to ensure an optimal learning environment for every participant.
- Continuous one-to-one supervision by internationally recognized expert in surgical anatomy, facial plastic surgery, & aesthetic medicine.
