NABIL FAKIH-GOMEZ

Dr. Nabil Fakih Gómez is an internationally recognized Facial Plastic & Cranio-Maxillo-Facial Surgeon, dedicated exclusively to facial surgery & aesthetic medicine. He currently serves as President of the Spanish Society of Facial Plastic Surgery (SECPF), Director of Oculoplastic Surgery at the European Academy of Facial Plastic Surgery (EAFPS), & Associate Member of the American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS).

Dr. Fakih is the founder of four specialized facial clinics & one hospital, including FACEXPERT Clinic & Academy (Spain), ExpertsHub (Dubai), Fakih Clinic Beirut (Lebanon), Fakih Clinic South (Lebanon), and Fakih Hospital. Through these institutions, he has developed an international network dedicated to excellence in facial surgery, education, & innovation.

He is the author and co-author of more than 65 peer-reviewed scientific publications & five book chapters in the fields of facial plastic surgery, cranio-maxillo-facial surgery, regenerative medicine, and aesthetic medicine. His research focuses on surgical innovation, facial rejuvenation, regenerative therapies, and patient safety. He has participated in more than 500 scientific courses, congresses, & educational events worldwide, where he has shared his expertise in facial plastic surgery & aesthetic medicine with physicians from across the globe.

His commitment to advancing medical education led him to establish FACEXPERT Academy, an international educational platform dedicated to providing evidence-based, ethical, and comprehensive training for physicians at every stage of their professional development. Built on the principles of scientific rigor, innovation, and patient safety, the academy combines anatomy, surgery, regenerative medicine, and clinical practice to promote excellence in facial aesthetic medicine & surgery.

FILLERS

Anatomical - Clinical - Cadaveric

ONLY MASTERCLASS IN THE 🌍 WITH
ANATOMICAL, CLINICAL & CADAVERIC
CORRELATION + DEMONSTRATION
OF **EVERY AREA ON THE FACE**

PROGRAM | 08:00 - 20:00 FRIDAY, OCTOBER 15

FACEXPERT ACADEMY

3 FACIAL FILLERS WITH HYALURONIC ACID
CLINICAL, ANATOMICAL AND CADAVERIC CORRELATION

During this course, we will carry out a comprehensive study of the face through a clinical, anatomical, and cadaveric correlation, addressing each facial region individually and, at the same time, integrating it into a global vision of facial harmonization.

A ALL FACIAL REGIONS – 360° FACE

Upper Third

- Forehead
- Eyebrow
- Temporal Region
- Lateral Orbital Wall
- Upper Periorbital Region
- Lower Periorbital Region
- SOOF Descent Region

Midface

- Nose
- Anterior Cheek
- Posterior Cheek
- Parotid Region
- Nasolabial Fold
- Perioral Region
- Lips

Lower Third

- Marionette Lines
- Jawline Contour
- Mandibular Angles
- Anterior Jawline
- Chin
- Mentolabial Fold

B EVERYTHING IS EVERYTHING – THE MOST COMPREHENSIVE PROGRAM AVAILABLE IN THE

- Static and dynamic facial assessment.
- Diagnosis of structural and volumetric alterations.
- Osseous, muscular, ligamentous, fat compartment, and vascular anatomy.
- Cadaveric correlation of the different injection planes.
- Fat compartments, anatomical spaces, and retaining ligaments.
- Selection of hyaluronic acid according to its rheological properties and treatment depth.
- Needle versus cannula selection.
- Entry points, vectors, product volumes, and treatment sequence.
- Deep, supraperiosteal, submuscular, and subcutaneous injection techniques.
- Prevention of irregularities, overcorrection, and artificial-looking results.
- Identification of the major vascular danger zones.
- Prevention, diagnosis, and initial management of complications.
- Practical tips, common mistakes, and clinical pearls for everyday practice.

The course will conclude by integrating all facial regions into a comprehensive Full Face 360° strategy, enabling participants to prioritize treatments, restore structural support first, improve facial transitions, and achieve natural, harmonious, and individualized results tailored to each patient's anatomy.

C ADVANTAGES OF CLINICAL, ANATOMICAL AND CADAVERIC

A unique educational experience that connects clinical assessment with real anatomy and cadaveric dissection. Learn to understand every anatomical plane, refine your injection techniques, and anticipate anatomical danger zones. Greater precision. Greater safety.
